

Homework Week 8

Due : Wednesday 2 July Week 9

An Unusual Animal

1. Create an animal and make up a name for it.
2. Describe its appearance, habitat, the food it eats , its enemies, how it keeps itself happy and entertained, and any special features.
3. Draw its footprints.
4. Construct or draw its body and natural habitat.
5. This animal is threatened with extinction. Develop a campaign that will publicise the threat and help save your animal. This needs to include a pamphlet or poster to educate others about this species.
6. Your animal is being transported to a zoo. Design a perfect enclosure, thinking about its natural environment and what its needs are. Remember to use a key and symbols on your plan.

Extra for Experts: Design and create a model of your animals enclosure.

Speeches

Early in Term 3 the senior students will be writing and presenting speeches to their class.

As a practice for this I would like you to orally present your animal to the class.
